2024 Business Report

2025 is a year full of challenges and opportunities. Global inflationary pressure has eased gradually, and the labor market has improved significantly. The rapid development of AI technology and strong growth in related product demand have become the key to driving economic recovery. The gradual recovery of the supply chain and the steady rise of the global economy also provide new growth momentum for the Company. However, the continuation of Russia-Ukraine War, the political instability in the Middle East, and the escalation of the US-China trade war still bring uncertainties in the global market, particularly for the impact of end-user demand and excess production, and the supply chain still needs to face the pressure of inventory adjustment. Nonetheless, the breakthrough of AI technology and its application potential will undoubtedly lead to a profound revolution in all industries around the world and become the core driving force for future development. In such a macro background, we continue to focus on technological innovation and market demand, actively respond to challenges and seize opportunities, and lay a solid foundation for future growth of the Company.

I. Operating Status Report

In 2024, the Company recorded a consolidated revenue of NT\$2.76 billion, up 0.8% from NT\$2.74 billion in 2023; a gross profit of NT\$270 million; a post-tax profit of NT\$120 million; and an EPS of NT\$1.80.

Note: The company did not announce the financial forecast for 2024, so the requirement on budget fulfillment does not apply.

II. Future Market Analysis

Looking ahead to 2025, the global economy will show slow and steady growth. Benefiting from AI, cloud computing, and high-performance computing applications, automation, digital and net-zero transformation development-related software and hardware demands, the Company will continue to promote economic development and foster innovative and integrated growth potential.

The Company is a professional agent for electronic components, and process equipment and consumables, the products include electronic components (connectors, audio component and wires in principle), and PCB manufacturing equipment, testing instruments and materials. Below is the future market supply, demand, and growth:

1. In terms of connectors:

The growth momentum of connectors in 2025 comes from the upgrade in product specifications led by artificial intelligence. The shipments of global servers and high-speed

transmission cables are increasing. AI continues to expand into edge devices such as PCs and smartphones. In terms of vehicle technology, the three major technology combinations of autonomous driving, connectivity, and electrification are the main components of active system integration in addition to electrical connections of automotive connectors, enabling high-speed data transmission and diagnostic functions. Under the trend of global net zero emissions, the rapid growth of new energy vehicles has become an inevitable trend. The demand for related charging stations, energy storage containers, and in-vehicle infotainment systems continues to grow.

2. In terms of audio semiconductor industry:

MEMS microphones are extensively employed in Internet of Things (IoT) and virtual reality (VR) instruments, hearing aids, tablets, cell phones, and other consumer electronics such as TVs, smart speakers, and TWS earphones, opening up the opportunities for growth in the MEMS microphone market. In general, the MEMS microphone market in 2025 is steadily growing. With the penetration of smart equipment and voice recognition technology, the market has promising prospects.

3. In terms of PCB equipment:

The PCB industry is expected to grow by 5-6% in 2025, mainly driven by the growth of servers and network communications related to AI. On the other hand, consumer electronics and mobile phones are expected to grow moderately and steadily. The development of high-performance computing HPC, 5G, automotive, and low earth orbit satellites will drive PCB industry growth and increase the overall PCB industry demand.

III. Future Development Strategy

In response to future market demand and competitive environment, the Company will adopt the following development strategy:

Independent Auditors' Report Translated from Chinese

To the Board of Directors and Shareholders of **HOWTEH TECHNOLOGY CO., LTD.**

Opinion

We have audited the accompanying parent company only balance sheets of HOWTEH TECHNOLOGY CO., LTD. (the “Company”) as of December 31, 2024 and 2023, and the related parent company only statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2024 and 2023, and notes to the parent company only financial statements, including the summary of significant accounting policies (together “the parent company only financial statements”).

In our opinion, the parent company only financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and its financial performance and cash flows for the years ended December 31, 2024 and 2023, in conformity with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the “Norm”), and we have fulfilled our other ethical responsibilities in accordance with the Norm. Based on our audits, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2024 parent company only financial statements. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

The Company recognized a net operating revenue of NT\$2,093,004 thousand in the year of 2024. Due to the diversity of the Company's products, the sales of domestic and foreign markets, and the different trading conditions, we believe that it is important to decide the performance obligation and the timing of the fulfillment of which. Thus, we conclude that revenue recognition is a key audit matter.

Our audit procedure include but not limited to, assessing the appropriateness of accounting policies for revenue recognition, understanding and testing the design and implementation of internal controls related to the sales cycle; selecting samples to perform transaction detail tests, inspecting the transaction records and check the important terms in the order or contract, identifying the performance obligation of the order or contract and confirming the time point of satisfaction; performance cut-off tests for a period of time around the end of the year, including obtaining the customer's original order or contract, inspecting the trading conditions and checking the relevant vouchers to verify the correctness of the transaction recognition point and confirming that the performance obligation has been satisfied; performing analytical procedures such as analysis of gross margin fluctuation and sales changes of the top 10 customers, and inspecting the significant sales returns and discounts if any subsequent to the balance sheet date to confirm the reasonableness of the timing of revenue recognition.

We have also evaluates the appropriateness of the related disclosure in notes 4 and 6 to the parent company only financial statements.

2. Valuation of inventories

As of December 31, 2024, the Company's net inventories amounted to NT\$172,785 thousand, which accounted for approximately 7% of the total assets, Considering that products technology and market changes has significant impact on inventory turnover and selling prices, that the management's assessment of the net realizable value of inventory is important to the financial statements. Thus, we conclude that inventory valuation is a key audit matter.

Our audit procedures include, but not limited to, performing analytical procedures such as days of inventory turnover to assess the reasonableness of inventory valuation accounting policies (including provisions for slow-moving and obsolete inventory and net realizable value of inventory); selecting inventory samples from different inventory aging buckets, verifying transaction vouchers and comparing transaction records to confirm the accuracy of inventory aging; selecting samples with large amounts and considering the recent market prices to assess the reasonableness of the net realizable value of the inventory adopted by management.

We have also evaluates the appropriateness of the related disclosure in notes 4, 5 and 6 to the parent company only financial statements.

Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the ability to continue as a going concern of the Company, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including Audit Committee) are responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the accompanying notes, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Independent Auditors' Review Report

To the Board of Directors and Shareholders of
HOWTEH TECHNOLOGY CO., LTD.

Opinion

We have audited the accompanying consolidated balance sheets of HOWTEH TECHNOLOGY CO., LTD. (the “Company”) and its subsidiaries (the “Group”) as of December 31, 2024 and 2023, and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2024 and 2023, and notes to the consolidated financial statements, including the summary of significant accounting policies (together “the consolidated financial statements”).

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2024 and 2023, and its consolidated financial performance and cash flows for the years ended December 31, 2024 and 2023, in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the Financial Supervisory Commission endorsed and became effective by Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China (the “Norm”), and we have fulfilled our other ethical responsibilities in accordance with the Norm. Based on our audits, we believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of 2024 consolidated financial statements. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

The Group's recognized a net operating income of NT\$2,764,919 thousand in the year of 2024. Due to the diversity of the Group's products, the sales of domestic and foreign markets, and the different trading conditions, we believe that it is important to decide the performance obligation and the timing of the fulfillment of which. Thus, we conclude that revenue recognition is a key audit matter.

Our audit procedure include, but not limited to, assessing the appropriateness of accounting policies for revenue recognition, understanding and testing the design and implementation of internal controls related to the sales cycle; selecting samples to perform transaction detail tests, inspecting the transaction records and checking the important terms in the order or contract, identifying the performance obligation of the order or contract and confirming the time point of satisfaction; performing cut-off tests for a period of time around the end of the year, including obtaining the customer's original order or contract, inspecting the trading conditions and checking the relevant vouchers to verify the correctness of the transaction recognition point and confirming that the performance obligation has been satisfied; performing analytical procedures such as analysis of gross margin fluctuation and sales changes of the top 10 customers, and inspecting the significant sales returns and discounts if any subsequent to the balance sheet date to confirm the reasonableness of the timing of revenue recognition.

We have also evaluated the appropriateness of the related disclosure in notes 4 and 6 to the consolidated financial statements.

2. Inventory valuation of inventories

As of December 31, 2024, the Group's net inventories amounted to NT\$233,597 thousand, which accounted for approximately 9% of the total consolidated assets. Considering that products technology and market changes has significant impact on inventory turnover and selling prices, that the management's assessment of the net realization value of inventory is important to the financial statements. Thus, we conclude that inventory valuation is a key audit matter.

Our audit procedures include, but not limited to, performing analytical procedures such as days of inventory turnover to assess the reasonableness of inventory valuation accounting policies (including provisions for slow-moving and obsolete inventory and net realizable value of inventory); selecting inventory samples from different inventory aging buckets, verifying transaction vouchers and comparing transaction records to confirm the accuracy of inventory aging; selecting samples with large amounts and considering the recent market prices to assess the reasonableness of the net realizable value of the inventory adopted by management.

We have also evaluated the appropriateness of the related disclosure in notes 4, 5 and 6 to the consolidated financial statements.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the requirements of the Regulations Governing the Preparation of Financial Reports by Securities Issuers and international Financial Reporting Standards, International Accounting Standards, Interpretations developed by the International Financial Reporting Standards International Committee or the former Standing Interpretations Committee as endorsed and became effective by Financial Supervisory Commission of the Republic of China and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the ability to continue as a going concern of the Group, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including Audit Committee) are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Company and its subsidiaries.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability to continue as a going concern of the Company and its subsidiaries. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its subsidiaries to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the accompanying notes, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of 2023 consolidated financial statements and are therefore the key audit matters.
